gist, lliekman, Ky. jal0-ly C nesens' Compound Honey of Tar has been so long and favorably known that it neels no encomium. For coughs, colds, sore throat, hoarseness, etc., it affords speelly relief, and is a most pleasant and elficacious remedy, honey and tar being two of its ingredients. The skill of the chemist, and the knowledge of a physician were united in its preparation, the result teing a compound which is the favorite remedy in this severe climate, and has no equal as a cure for coughs, colds, hoarseness, bronchitis, croup, etc. Use Conssens' Honey of Tar. The Mexican dollar says, "I am one hundred cents;" but when you come to invest it you find | -it is only eighty-five. Tabler's Backeye Pile Ointment says: "I will care you of Piles;" and upon trial it is found to do so in every case. It makes but one promise—to cure piles; and does so without failure. False Impression. It is generally supposed by a certain class of citizens, who are now practical or experienced, that Dyspensia can not invariably be cared, but we are pleased to say that GREEN'S AUGUST FLOWER has Dyspepsia and Liver-Complaint in all its Sick Headache, l'alpitution of the lieart, low spirits, &c., &c. Out of 30,000 dozen hottles sold last year, not a single failure was reported, but thousands of complimentary letters received from druggists of wonderful cures. Three doses will relieve any case. Try it. Sample bottles 10 cents. Regular size 75 cents.

A Good Joke.

Ilis duty compelled him to remonstrate with the good man on this deplorable practice, but his mortification was increased when he was shown that it was a hottle of Dr. A. Q. Simmons' Liver Medicine that was used, and he was assured that to that excellent remedy the people were largely indebted for sermons free from dyspeptic HARDWARE UTLERY, GUNS, symptoms, with which they bad been HARDWARE allicted until he was cared by this reliable remedy.

Within the last few years there has been expended a great deal of inventive thought and genius upon what may properly be classed as household articles, the most note I results of which are the praduction of the sewing machine, the wringer, the washing machine, the carpet sweeper, &c. Almost every week we chronicle the advent of some new inven-

The newest thing to challenge our attention and gladden the heart of the housekeeper, is, what is called the Novel ly Brush Holder, Carpet Stretcher and Sweeper, a very simple contrivance designed to jirmly hold in position any kind of a brush or duster; having an extension handle that enables one to wash or dust windows, walls or ecilings without the aid of a step ladder. That is one of its conveniences, and it is also one of the best carpet sweepers in the market, holding the brush firmly at an angle. It cleans the carpet thoroughly, raises no dust, and does not wear the carpet like the ordinary broom or brush, and will outwear a half dozen brooms.
